QUALITY POLICY & CERTIFICATION

Our quality policy has been developed in partnership with our customers and supplier working together towards continuously achieving high standards in products quality and improvements in service quality.

The quality policy is based on 3 fundamental principles:

1. Ensuring that everyone fully understands and conforms to the needs of the customer.
2. Understanding the process of doing a job and doing it right the first time.
3. Documenting each and every processes, identifying the potential errors and taking necessary action to eliminate them and preventing future error.

We are committed to our quality principles and maintain the necessary quality approvals consistent with our customer requirements. We continuously review and improve our systems to ensure that tasks are completed in the most cost effective and timely manner for the benefit of our customers.
